We are all in this Together

We helped set up storage for a PPE Collection Site at Dover International Speedway. Thanks to Roberts Extra Space that offered the extra units they had in the area; we were able to set up more quickly & efficiently---"We are all in this together"

Thank you

We are Thankful to all those on the front lines--health care professionals, grocery store workers, truck drivers, first responders--those working tirelessly for the rest of us.

We are very THANKFUL that we are members of GREAT Associations! They were quick to send us information, keep us informed, research changes in our industries, keep us up to date, in the loop and on top of details during this ever changing climate.
